Don't Look for Cheapness

In buying a suit for yourself or your boy; it don't pay. It's much safer and a great deal more satisfying in the long run to pay \$15 for a firstcl ss, gua anteed all-wool, can't-be-beat suit of clothes than it is to pay \$10 for a mixed-with-cotton, ordinary suit that won't wear half as well nor look good half as long as the other one. This is a hint that's just dropped by the wayside for the benefit of those who need a pointer values can nowhere be equaled for the same amount of eacy. If you really need a winter suit or an outfit of warm wear in which to comfortably pass through the cold month and of us you can save time, trouble and money by making the store to buy from. We can sell you an overcoat for the sell you and \$25. This is a considerable saving, and you follow it through our line you can buy your winter outfill at a great saving to yourself.
